Product name	The United Grand Lodge Discretionary Trust
TMD publication date	30 June 2026

Important information about this TMD

The Corporations Act 2001 (Cth) ('Corporations Act') requires us to make this TMD and include certain information in it. Any terms used in this TMD that are defined in the Corporations Act have the same meaning as in the Corporations Act.

This TMD is not intended to be a consumer facing disclosure document and does not form part of the terms of the Product.

Any information or examples given in the TMD must not be read as a complete list of eligibility or the standard terms and conditions and limitations that apply to the Product.

A retail client must refer to the PDS, any associated insurer's policy wordings and documents to understand the terms and conditions of the Product. The PDS and the insurer's policy wording (including, if applicable, the insurer's product disclosure statement) are provided to retail clients through Howden Insurance Brokers (Australia) Pty Ltd ABN 79 644 885 389, AFSL 539613 or other representatives appointed by us.

This TMD does not consider any person's individual needs, objectives or financial situation and does not provide financial product advice or recommendation on the cover.

The Product is designed to offer cover to clients whose likely needs, objectives and financial situation are aligned to those below.

Summary of key attributes of product and key likely needs, objectives and financial situation of target market they meet

This Product has been designed for consumers in the target market as set out below and has been established to help members (of the Trust) manage the risk of loss, destruction or damage to property and for those who obtain this cover, consequential loss of profits.

This Product is made up of two parts:

- the Trust cover. This is risk cover, but it is not insurance because the trustee has discretion whether or not to pay a claim and how much to pay; and

- the insurance cover, which is insurance. A member of the Trust has a third-party beneficial interest in the insurance policy which is purchased by the trustee for the Trust and its members and is subject to the terms and conditions of the insurer's policy.

Who is our target market for the product?

To be eligible, a person must be **all** of the following:

- ✓ a freemason lodge located in either NSW or ACT and/or part of the United Grand Chapter – Order of the Eastern Star and others Australia wide; and
- ✓ a contributing member of the Trust; and
- ✓ a person who meets the eligibility criteria for the issue (including new business, renewals and variations as applicable) of the Product that has been approved by us in writing.

Examples of who isn't in our target market

By way of example, if **any** of the following apply and at a very high level only, **a person won't be in the target market if they:**

- ✗ are not a freemason lodge located in either NSW or ACT and/or part of the United Grand Chapter – Order of the Eastern Star and others Australia wide; or
- ✗ are not a contributing member of the Trust; or
- ✗ do not meet the eligibility criteria for the issue (including new business, renewals and variations as applicable) of the Product that has been approved by us in writing; or
- ✗ want insurance protection rather than discretionary cover in respect of their industrial special risks cover; or
- ✗ cannot afford the contributions or for whom the payment options are not suitable; or
- ✗ want industrial special risks cover for higher limits; or
- ✗ cannot afford to pay the deductible amount(s) we offer or want a lower deductible to apply.

Please note that although a person falls within our target market, this does not necessarily mean that the cover is right for their individual needs, objectives and financial situation. It is important that the person takes into consideration the PDS and other information provided by us as well as the insurer's policy wording and the insurer's product disclosure statement (and/or seeks professional advice) before making their decision.

- any significant dealings that are inconsistent with the TMD, including those that reasonably suggest that it is no longer reasonable for us to conclude that if the cover were to be issued:
 - to a retail client in accordance with the distribution conditions, it would be likely that the retail client is in our target market; or
